

Three Strikes We're Out!

2004-11-04 11:19

The purpose of this article is the fostering of a theory by James Forrestal, America's first Secretary of Defense who so brilliantly put it, "if these things happened by accident they would occasionally make a mistake in OUR favor". Forrestal spoke of blunders by the war dept. and the State Department the latter which had become infiltrated with communists. He spoke of decisions handed by the powers that be in Washington, today is no different.

THREE STRIKES YOUR OUT! The article below was written from critical testimony in the trial of the first World Trade Center bombing, pay close attention to who supplied the explosives and expertise to build the bomb. THE NEW YORK TIMES * * * * * Thursday October 28, 1993 Page A1 "Tapes Depict Proposal to Thwart Bomb Used in Trade Center Blast" By

Ralph Blumenthal Law-enforcement officials were told that terrorists were building a bomb that was eventually used to blow up the World Trade Center, and they planned to thwart the plotters by secretly substituting harmless powder for the explosives, an informer said after the blast. The informer was to have helped the plotters build the bomb and supply the fake powder, but the plan was called off by an F.B.I. supervisor who had other ideas about how the informer, Emad Salem, should be used, the informer said. The account, which is given in the transcript of hundreds of hours of tape recordings that Mr. Salem secretly made of his talks with law-enforcement agents, portrays the authorities as being in a far better position than previously known to foil the February 26th bombing of New York City's

tallest towers. The explosion left six people dead, more than a thousand people injured, and damages in excess of half-a-billion dollars. Four men are now on trial in Manhattan Federal Court [on charges of involvement] in that attack. Mr. Salem, a 43-year-old former Egyptian Army officer, was used by the Government [of the United States] to penetrate a circle of Muslim extremists who are now charged in two bombing cases: the World Trade Center attack, and a foiled plot to destroy the United Nations, the Hudson River tunnels, and other New York City landmarks. He is the crucial witness in the second bombing case, but his work for the Government was erratic, and for months before the World Trade Center blast, he was feuding with the F.B.I. Supervisor `Messed It Up' After the bombing, he resumed his undercover work. In an undated transcript of a conversation from that period, Mr. Salem recounts a talk he had had earlier with an agent about an unnamed F.B.I. supervisor who, he said, "came and messed it up." "He requested to meet me in the hotel," Mr. Salem says of the supervisor. "He requested to make me to testify, and if he didn't push for that, we'll be going building the bomb with a phony powder, and grabbing the people who was involved in it. But since you, we didn't do that." The transcript quotes Mr. Salem as saying that he wanted to complain to F.B.I. Headquarters in Washington about the Bureau's failure to stop the bombing, but was dissuaded by an agent identified as John Anticev. Mr. Salem said Mr. Anticev had told him, "He said, I don't think that the New York people would like the things out of the New York Office to go to Washington, D.C." Another agent, identified as Nancy Floyd, does not dispute Mr. Salem's account, but rather, appears to agree with it, saying of the `New York people': "Well, of course not, because they don't want to get their butts chewed." From Trial Transcript tapes made by Salem for the his protection & the FBI. As for the portions which clearly indicated that the FBI was involved in a classic entrapment setup and had collaborated with Salem in the implementation of the bombing, they were conveniently not publicized. In a surreptitiously taped conversation involving Salem and Special Agent John Anticev, Salem refers to his contribution in the making of the bomb and the Bureau's awareness and consent of it. An avaricious Salem is seen pressing for more money. The conversation revolves around references to the bombing and the FBI's acquaintance of the bomb making: Anticev: "But

[Indymedia does blah. Content is good, and free to use for non-commercial purposes under the Open Content license. if you have questions, email someone.]

ah basically nothing has changed. I'm just telling you for my own sake that nothing, that this isn't a salary but you got paid regularly for good information. I mean the expenses were a little bit out of the ordinary and it was really questioned. Don't tell Nancy I told you this." Salem: "Well, I have to tell her of course." Anticev: "Well then, if you have to, you have to." Salem: "Yeah, I mean because the lady was being honest and I was being honest and everything was submitted with receipts and now it's questionable." Anticev: "It's not questionable, it's like a little out of the ordinary." Salem: "Okay. I don't think it was. If that what you think guys, fine, but I don't think that because we was start already building the bomb which is went off in the World Trade Center. It was built by supervising supervision from the Bureau and the DA and we was all informed about it and we know what the bomb start to be built. By who? By your confidential informant. What a wonderful great case! And then he put his head in the sand I said "Oh, no, no, that's not true, he is son of a bitch." (Deep breath) Okay. It's built with a different way in another place and that's it." Anticev: "No, don't make any rash decisions. I'm just trying to be as honest with you as I can." Salem: "Of course, I appreciate that." Former Watergate associate prosecutor Richard Ben-Veniste warned that these tapes pose "an absolute nightmare for federal prosecutors."

It is obvious from these transcript of the trial and tapes that the FBI had full knowledge of the plan of the first WTC bombing. Not only prior knowledge but they supplied the explosives as well as expertise to construct the bomb. Al Hussani Hussein was involved in this bombing. STRIKE ONE!* In the trial of both Terry Nichols & Lee Harvey McVeigh, I mean, Timothy McVeigh the judge repeatedly refused to allow any evidence that incriminated anyone but these two men in the bombing. Enter, Carey James Gagen giving sworn testimony before a second grand jury convened by the people of Oklahoma because the persecutors, I mean prosecutors, refused to. In his sworn deposition and testimony Mr. Gagen brought forth paperwork from the Justice Department giving him 15 months immunity from prosecution. He was in the middle of the Arab group that placed explosives inside the building. Al Hussani Hussein was involved. Gagen warned his handlers two weeks before the bombing of what was about to happen. None of them did anything! They refused to bring him in to reveal the plot. They refused to listen. BOOM!

STRIKE TWO!*

Osama bin Laden underwent treatment in July at the American Hospital in Dubai where he met a US Central Intelligence Agency (CIA) official, French daily Le Figaro and Radio France International reported. Osama left the hospital on July 14, 2001 with two portable dialysis machines. This man is not hiding in a cave in Afghanistan unless it is wired with 110 or 220 V electricity or he's hauling a very large generator through the mountains. If that had been you or I, we would be handcuffed, tied, gagged to the bed or dead, he was on the FBI 10 Most Wanted list of terrorists for two truck bombings of American servicemen! Considering Osama who's name by him is spelled Usama, but American press did not want USAmA printed in our papers, has been a CIA asset since Ronald Reagan was in power. The Taliban as well as Al Queda, was created by the CIA in the war against Russia in Afghanistan. The CIA often does not do things themselves, they just have their dirty work done by others. Former District Attorney of Chicago David Shippers, had FBI agents give him information that a terrorist plot was working and he began to tell Aschcroft & Rumsfelds's offices as well as influential Congressmen, over a MONTH prior to 9-11 of the plot to hijack airplanes and crash them full fuel into New York and Washington. In article after article I have proved there were explosives in the building before 9-11. EXPLOSIVES not the planed brought down the buildings. See PYROTECH 101 and other proof below. STRIKE THREE We're OUT!* *We're out because: 1). If any one of these incidents happened by themselves we might say it was a very bad OOPS! Or maybe, an intelligence failure. 2). The budget for terrorism was doubled after the first WTC bombing, did that stop OK City Bombing, NO! The terrorism budget was TRIPPLED after the OK City bombing under the Anti-Terrorism Bill, did that stop World Trade Center bombing #2 NO! 3). Now we have Homeland Security, the Patriot Act and now the Domestic Security Enhancement Act of 2003, which have effectively destroyed the Constitution for the United States of America. In 1999 FBI Project Megiddo was presented at the National Sheriffs Assoc. annual meeting. It outlined Christians, militia, patriot groups, and others as PROBABLE TERRORISTS! Christians who had a firm belief in the second coming of Christ, supposedly willing to commit terrorist acts to hasten His return. Patriot & militia groups also willing to commit terrorist acts to take back the country, etc. etc. Many of these suspected around the new millennia in 2000. Don't laugh (although it's hard not to), under the Patriot Act any group designated as terrorists fall in "watch

[Indymedia does blah. Content is good, and free to use for non-commercial purposes under the Open Content license. if you have questions, email someone.]

groups.” Anyone even slightly connected who might resist arrest is to be considered a “enemy combatant” under Section 101 will designate individual terrorists as foreign powers and again strip them of all rights under the “enemy combatant” designation! Section 501 They can snatch you off the street, never tell anyone and hold you without trial, lawyer, rights, until the war on terrorism is over. Section 201 makes it a crime for ANY government official (or anyone else) to tell anyone you’re in custody. Section 123 allows searches without warrants. Hitler would have been proud, to have a law this strong! There have been nearly 400 cities & counties that have passed Anti- Patriot act Resolutions banning enforcement of the unconstitutional parts, hopefully one will be passed in your county or town, support it. In short friends we’ve struck out. Unless we do something besides watch the news on TV and our favorite programs, the America we all grew up with is DEAD forever. Unless we get up off our duffs and again become a nation of sovereign individuals that rule ourselves through our representative Republic, in stead of this democratic mobocracy, there is no hope for our country. Politicians will NOT help us. They are the problem. We must again bring God’s Law know in legal terms as Common Law Courts in to session and bring to trial these traitors that have ruined our country through HIGH TREASON. They MUST be brought to JUSTICE! That is the only hope for our country except a complete revival of God’s Law in our lives. If we followed it we could do no less.
