

Coup d'etat In America, The Murder of a President, Final Chapter

By Michael Treis

With the 41st anniversary of the assassination of John F. Kennedy approaching, I felt the need to rewrite this article updating and finalizing it. Although as long as there is information withheld and hidden by our government, can we truly write the final chapter?

I must give credit where credit where credit is due. The excellent connecting of the dots by author Michael Collins Piper in his 6th edition of *Final Judgment, America #1* banned book, finally puts to rest my investigation of the assassination of President John F. Kennedy I began in 5th grade.

For many years I had come to the conclusion the Mob & CIA were the major mover and shakers in the plot of kill and then cover up this Coup d'etat that took place that fateful day in Dallas November 22, 1963. The evidence Piper has unveiled shows the major and largest co-conspirator was the Mossad of Israel.

I made the tie-ins to the mob through Ruby, Sam Giancana, and growing up in Louisiana, was very familiar with the connections of Carlos Marcello. I had access to the taped confessions of one James E. Files who was serving 50 years in Joliet Prison for the murder of an

Illinois State Patrol Officer. Files, was only one step down from Sam Giancana, and confessed in very great detail to being one of the assassins in Dealey Plaza. He gave details that proved true, and would have only been known by a man who pulled a trigger that day. The trigger he admitted he pulled was to the Remington Fireball

XP-100 which fired a .222 rifle cartage with a **50 gr. bullet traveling in the in the 2600-2700 fps range**, which

would have been consistent with the head wound received by the President. This was a large pistol more easily concealed than a rifle. It had extreme accuracy. Johnny Roselli and Charles Nicoletti, were implicated by Files as accomplices, both known as dual operatives for

the CIA and Mafia boss Sam Giancana. Who is a direct

underling of Meyer Lansky and his crime syndicate.

James Files claims that he stood behind the picked fence atop the grassy knoll to fire one shot. Files said that he aimed for Kennedy's eye but missed and "came in on the left side of the temple." A bullet from the rear had hit Kennedy, only a split second before Files fired. This is consistent with the wounds described by physicians at Parkland Hospital in Dallas.

Two others were also implicated as assassins Guillermo & Ignacio Novo were in a the two cars organized by contract CIA agent Frank Sturgis that traveled to Dallas November 21, 1963, according to former CIA operative Marita Lorenz. Sturgis later confessed to her "we killed the president that day." Sturgis was a former Hagannah mercenary during the first Israeli-Arab war, according to July 1975 issue *Argosy* magazine.

The motive seemed clear. Atty. General Bobby Kennedy had prosecuted the mob relentlessly, double-crossing their support that got his brother elected. The CIA was about to be thrown to the wind, as well as the Federal Reserve. When you make those kinds of enemies it is easy to be targeted, even if you are the president.

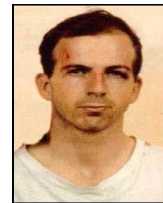

However, when Piper's investigation brought forth the secret war being waged by President Kennedy against Israel's secret nuclear weapons development, the case took a turn. President Kennedy offered Hawk Missile batteries, if on site inspections were allowed of Dimona, Israel's secret nuclear reactor and weapons program. Trying to bring control through appeasement of Prime Minister David Ben-Gurion and his nuclear bomb program. Ben-Gurion

considered the president's Middle East policy a "threat to the survival of Israel."

President Kennedy had reduced support to Israel by ½ . He and his brother Bobby had caused irreparable damage to Meyer Lansky's Jewish crime syndicate, effecting Sam Giancana, and his entire outfit. The CIA connection with this mob boss and the heroine they flew from the golden triangle region, and the drugs that funded black operations were threatened.

President Kennedy had printed \$50 MILLION in US notes and planned the dissolve of the Federal Reserve. He learned of the approval of CIA Operation Northwood, a plan to attack our own bases in Florida, hijack and blow up airliners, set sniper teams loose in Florida and Washington, DC, to accomplish "creating a substantial body count" all to draw American's sympathy for a war in Cuba. A plan approved all the way up through the Joint Chief of Staff and the Vice President. President Kennedy was horrified with the plan, he planned the dissolve of the CIA. President Kennedy Ten days before his assassination at Columbia University stated; "The high office of President has been used to format a plot to destroy the American's freedom, and before I leave office I must inform the citizen of his plight." He said we have no business in Vietnam pulled out 1500 troops and observers and said he would have the rest out by the end of the year. Before the end of the year came, November 22, 1963, they blew his head off.

They had their patsy set up Lee Harvey Oswald. He had been well groomed, by CIA handler former FBI agent and CIA contract

operative, Guy Bannister, making him appear quite the Cuban sympathizer. Oswald was a mediocre shot at best. He could not have pulled off the shots required in the record time required, as neither could FBI experts that tried.

Let us not forget that Jack Ruby (formally Rubenstein) was a Zionist and investigated by the FBI and testified about drug running in the 1940's. Although through Meyer Lansky, Ruby had also run guns to Israel after World War II. Lansky also an avid supporter of Israel sending money skimmed from His casinos in Cuba and Las Vegas to help support Israel.

The Warren Commission relied on the "Magic Bullet" Theory, a

theory concocted by Senator Sphincter.... I mean Senator Arlen Specter, is also an admitted Zionist. A "magic" bullet making 7 wounds dipping, diving and turning and shattering the ribs and wrist of Governor Connolly after exiting Kennedy's neck, and yet staying in absolutely pristine condition as if not even fired. Let us not forget the CIA man in charge of the information the Warren Commission received

from the CIA was James Jesus Angelton the youngest man to hold a desk for the CIA, at the age of 27. He was also the man in charge of the Israel desk and over Middle East affairs. Angelton had been investigated on more than one occasion for being a possible spy for the Mossad, Israel's secret intelligence agency.

Dr. Charles A Crenshaw identified the major problem with the Warren Commissions "magic bullet" theory in his book *JFK Conspiracy of Silence*, the bullet was going the wrong direction! That's right the bullet striking President Kennedy in the neck left a **FRONTAL ENTRY** wound. Identified by Dr. Crenshaw who worked on both Oswald and Kennedy at Parkland Hospital. If you work at Parkland Hospital emergency room as a resident as Dr. Crenshaw, I guarantee you have **NO** problem telling which way a bullet traveled. They treat gunshot wounds daily there even in 1963. After leaving Dallas the neck of President Kennedy was mutilated to turn a half-inch entry wound into a three inch "exit wound."

There is one other Israel connection first discovered by Jim

Garison. Clay Shaw was the director of the New Orleans Trade Mart and was a board member of on European trade organizations known alternately as Permindex and/or Central Mondiale Commerciality. The CIA had at least contacted Shaw 32 times, all classified documents regarding Clay L. Shaw, including, but not limited to, the Domestic Contact Reports made by Mr. Shaw to the Central Intelligence Agency in the '40s and '50s; all files regarding Mr. Shaw's involvement with a CIA project code named QKENCHANT, for which Mr. Shaw had been assigned a covert security approval in 1962. (CIA document, "Subject: Clay L. Shaw [201-813493]," "Enclosure 21").

The prime stockholder of Permindex was Banque de Credit International (BCI) created by Rabbi Tibor Rosenbaum. Rosenbaum, served on the board of the Swiss Israeli Trade bank, served as Director General for Finance and Supply for Israel's Mossad, director of the Jewish Agency in Geneva Switzerland, international vice-president and co-founder of the World Jewish Congress. BCI served to launder Casino money from the Meyer Lansky crime syndicate. It also served as chef financial institution of Israeli arms deals. Consequently, here again we have numerous contacts between members of the conspiracy to assassinate President Kennedy, and the Mossad, Israel, Meyer Lansky and the CIA.

When you weigh the factors, which profited most from the assassination of President Kennedy? Israel profited more than anyone.

Lyndon Johnson completely reversed Mid East policy. He turned a blind eye to their nuclear program, although approving the 1968 non-proliferation treaty. He made the US their number one supplier of military hardware. He gave \$92 MILLION in 1966 for military funding alone to Israel. President Kennedy had approved \$40 million in assistance to Israel for budget year 1964, NONE of which was for military funding. Jordan, Palestine and the rest of the Arab world no longer had a impartial mediator in the USA, but had been left to the wolves. Israel had become for all intent and purposes our 51st state, and has been a millstone around our neck ever since.

Our "America first" stance had ended. Our national security objectives in the Middle East had been flushed down the toilet. Dan Kurtzman's *Ben-Gurion: Prophet of Fire* quoted Ben-Gurion "My people have a right to exist...and this existence is in danger" as one of the last communication with President Kennedy. In fact that danger was felt so strongly by Israel that one of the last orders given by David Ben-

Gurion was to take care of the Kennedy problem, before he stepped down in June of 1963.

There were billions made by the Lansky Jewish mob syndicate in heroine traffic from the Golden Triangle of SE Asia. JFK's immediate reversal of our Vietnam policy is reason enough for the assassination. The CIA drug profit for black operations was reason enough. The war profits made by Israel and the USA war machine in Vietnam was reason enough. The Federal Reserve and it's European Jewish banking consortium owners, continuing unscathed, was reason enough. The Israeli nuclear superiority over Palestine, Jordan and other Arab countries was reason enough. When you put them all together, motive is more than established for the Mossad to have set up the coup d'etat in America for the murder of the President, which occurred in Dallas that fateful day in November.

Means and opportunity go without saying, as the number of, Israeli first, conspirators in the CIA, FBI, Senate, Congress, Warren Commission and high places are to innumerable for me to count. I think the *Washington Jewish Week* October 9, 1997 states their position best; " Israel need not apologize for the assassination or destruction of those who seek to destroy it. The first order of business for any country is the protection of its people."

In short, it would appear that Israel takes its role in the world too seriously. It is a country the size of New Jersey, (no offence New Jersey). 95 % of Israel's people are descendants of the Khazars a fierce Mongol tribe of Northern Russia that accepted the Jewish faith in 741 A.D. History confirms this. (See Jewish Historian; Arthur Koestler's *The 13th Tribe*) They have NO relationship to the tribe of Judah or ANY of the tribes of Israel but are the descendants of Esau-Edom. They have NO claim to anything in the Middle East, as they have no kinship to ancient Israel AT ALL.

They might even say that what I'm saying is anti-Semitic, truth-be-known a Semite is a descendant of Shem, and the Khazars have no kinship there. It might be an anti-Edom or anti Khazar, or even anti-Canaanite statement but never anti-Semitic. Most of the descendants of Shem would be red-headed and have green eyes, in some point of history they were known as Phoenician (meaning red-headed man).

So in final analysis the Coup d'etat in America did occur in Dallas that fateful day. It guaranteed a false re-gathering of Israel, as opposed to the real re-gathering of Israel prophesied in the Bible. It did what Edom has tried to do from the beginning, to steal back the birthright taken by Jacob Israel. It works toward the setting up of Lucifer's false kingdom the New World Order-one world government, also prophesied in the Bible the Word of Yahweh, the God of True Israel. It seeks to destroy true Christianity, the worship of Yahshua

Messiah most know as Jesus, and replace it with a one world religion of; state sponsored 501 c (3) tax exempt corporate churches. The image of the beast, false religion.

Our great Ever-Living God, Yahweh, the God of Abraham, Isaac and Jacob, Word is being fulfilled even in the destruction of our great Republic, because we have turned our backs on Him. His return is soon, remember Luke 21:36. Matthew 24 tells us all of what to look for just before our Savior Yahshua Messiah's return, and it reads like today's news, just like Revelation, Daniel and Ezekiel. Be prepared!
